

Index to Volume 47 of Mayo Clinic Proceedings

Advertisements have been given page numbers just as have all text pages. If the journal is bound without the advertising, there will be gaps in the page numbers of the bound volume. This is normal and does not indicate that textual material is missing from the bound issues.

- Abdominal surgery: segmental infarction of greater omentum, 751
- Abstracts: 67, 138, 213, 285, 354, 434
- Adenocarcinoma, clear-cell, of cervix after maternal treatment with synthetic estrogens, 629
- Adenocarcinoma of junction of right, left, and common hepatic biliary ducts, successful resection of, 48
- Adrenal glands: Cushing's disease in children, 318
- Allografted patients, renal, pancreatitis in, 193
- Alpha-methyl-para-tyrosine, suppression of craving and other signs of dependence in morphine-addicted monkeys by administration of, 621
- Alvarez, Walter C., M.D., Shelf of, 125
- Ampicillin in intravenous solutions, stability of, 34
- Amyotrophic, forme fruste, lateral sclerosis or poliomyelitis, late progression of, 756
- Anaerobic bacteremia, 639
- Anaerobic bacteria in urinary tract, 30
- Anaerobic gram-positive cocci, clinical and bacteriologic studies of, 251
- Anasarca and hypoproteinemia: unusual manifestations of Graves' disease, 926
- Anastomotic aneurysms involving femoral artery, 313
- Anderson CF, 110, 193
- Aneurysm, giant basilar, under profound hypothermia, excision of, 631
- Angelini C, 377
- Angiocardiography: tricuspid atresia with pulmonary atresia and total anomalous pulmonary venous connection to right superior vena cava, 105
- Angiopathic, necrotizing, neuropathy; three-dimensional morphology of fiber degeneration related to sites of occluded vessels, 461
- Annotations: MM Woolley and MM Ravitch, 654
- Anomalous, total, pulmonary venous drainage, echocardiogram in, 247
- Antibiotic storage: stability of ampicillin in intravenous solutions, 34
- Antidiuretic, inappropriate, hormone secretion in pneumonia, 169
- Antithyroid drugs in practice, 962
- Aortic opening to closing ratio on phonocardiograms of patients with Starr-Edwards aortic valve prostheses, 42
- Arnaud CD, 110
- Arteries, coronary: vasculature of human sinus node, 556
- Artery, femoral, anastomotic aneurysms involving, 313
- Artery fistula, congenital coronary; surgical considerations and results of operation, 567
- Arthritis: zinc accumulation in synovial fluid, 746
- Atresia, tricuspid, with pulmonary atresia and total anomalous pulmonary venous connection to right superior vena cava, 105
- Atrial septal defect, normal ventricular septal motion in; echocardiographic observation, 635
- Atrioventricular conduction system, human, vasculature of, 562
- Autoregulation of thyroid; response to iodide excess and depletion, 814
- Bacilli, gram-negative, in vitro susceptibility of, to carbenicillin, 332
- Bacteremia, anaerobic, 639
- Bacteria, anaerobic, in urinary tract, 30
- Bacterial infections: mechanisms of changes in serum lipid-lipoprotein profiles in infectious disease; *Mycobacterium bovis* infection in rabbits, 270
- serum lipid-lipoprotein profiles in rabbits infected with *Mycobacterium bovis*, *Listeria monocytogenes*, *Pasteurella pseudotuberculosis* and with *M. avium*, 258
- Bacteriologic and clinical observations on proposed species, *Enterobacter agglomerans* (Herbicola-Lathyrus bacteria), 739
- Bacteriologic and clinical studies of anaerobic gram-positive cocci, 251
- Basilar, giant, aneurysm under profound hypothermia, excision of, 631
- Bean A, 51
- Becker DV, 835
- Berman M, 872
- Bernatz PE, 313
- Bile, lithogenic, in siblings of young women with cholelithiasis, 762
- Biliary ducts, right, left, and common hepatic, successful resection of adenocarcinoma of junction of, 48
- Biologic fluids: zinc accumulation in synovial fluid, 746
- Biomedical communication: new information in medical journals; excretory or secretory process?, 415
- Black BM, 966
- Black LF, 493
- Bladder urine: anaerobic bacteria in urinary tract, 30
- Blood: metabolism and excretion of ¹⁴C-labeled warfarin and ¹⁴C-labeled vitamin K₁ by isolated rat liver, 731
- Blood cultures: anaerobic bacteremia, 639
- Blood donors: control of post-transfusion hepatitis by donor selection and case investigation, 98
- Blood glucose monitoring, continuous, studies during; plasma immunoreactive insulin patterns in insulin-treated diabetics, 709
- Blood supply: vasculature of human atrioventricular conduction system, 562
- Blood urea: effects of urea loading in patients with far-advanced renal failure, 21
- Body composition of hypopituitary dwarfs, effect of HGH on; four-compartment analysis and composite body density, 241
- Body, fingerprint, myopathy; newly recognized congenital muscle disease, 377
- Body fluids and electrolytes in infants and children with congenital heart disease, 327

Bone: trace metals in human osteogenic sarcoma, 476

Bone marrow: fetal hemoglobin, 402

Bonebrake RA, 746

Books by Mayo Clinic authors; reviews:

A History of the Ophthalmoscope, by CW Rucker (reviewed by JD Key), 206
Clinical Disorders of Iron Metabolism, edited by VF Fairbanks, JL Fahey, E Beutler (reviewed by PR McCurdy), 593
Good Scientific Writing, edited by CG Roland (reviewed by JO Godden), 592
Handbook of Physical Medicine and Rehabilitation, edited by FH Krusen, FJ Kotke, PM Ellwood Jr (reviewed by GM Martin), 346

Immunopathology of Inflammation, edited by BK Forscher, JC Houck (reviewed by RE Ritts Jr), 62

Laboratory Manual of Hemostasis, by EJW Bowie, JH Thompson Jr, P Didisheim, CA Owen Jr (reviewed by AJ Quick), 202

Peripheral Vascular Diseases, edited by JF Fairbairn, JL Juergens, JA Spittell (reviewed by VG deWolfe), 431

Boyes DA, 533

Brachiocephalic vessels, surgical treatment of obstructive disease of, 572

Brains of normal and magnesium-deficient rats, distribution of magnesium and calcium in, 647

Buntain WL, 654

Burgert EO Jr, 273

Calcium and magnesium in brains of normal and magnesium-deficient rats, distribution of, 647

Cancer, cervical: guest editorial, 533

Cancer, cervical, evaluation of effectiveness of cytologic screening for; I, incidence and mortality trends in relation to screening, 534

II, survival parameters before and after inception of screening, 545

III, cost-benefit analysis, 550

Cancer in children: emotional impact of childhood acute leukemia, 273

Cancer, colorectal: primary malakoplakia of colon, 114

Capillary exchange: pleural space and pleural fluid, 493

Carbenicillin, in vitro susceptibility of gram-negative bacilli to, 332

Carcinoma, endometrioid, of uterus and ovaries associated with immunosuppressive therapy and anticoagulation, 39

Carcinoma, mesonephric: clear-cell adenocarcinoma of cervix after maternal treatment with synthetic estrogens, 629

Cardiac, congenital, anomalies, homografts in reconstruction of; expanded operability in complex congenital heart disease, 101

Cardiac disorder: echocardiogram in total anomalous pulmonary venous drainage, 247

Cardiac function: thyroid and heart, 864

Carlson HE, 872

Carney JA, 751

Carotid arteries: surgical treatment of obstructive disease of brachiocephalic vessels, 572

Cerebrospinal fluid: distribution of magnesium and calcium in brains of normal and magnesium-deficient rats, 647

Cerebrovascular insufficiency: surgical treatment of obstructive disease of brachiocephalic vessels, 572

Cervical cancer: guest editorial, 533

Cervical cancer, evaluation of effectiveness of cytologic screening for; I, incidence and mortality trends in relation to screening, 534

II, survival parameters before and after inception of screening, 545

III, cost-benefit analysis, 550

Cervix, clear-cell adenocarcinoma of, after maternal treatment with synthetic estrogens, 629

Child, lipoblastomatosis in; lipomas of hand, 121
